

Saddle stool PS388

The multiple supports available for the lumbar, abdomen and elbows greatly reduce muscle tension in the upper body.

Designed to provide optimal comfort and to favor good posture. Allows a sitting-standing position.

Optimized torso support *: An expanded torso provides comfortable support for the abdomen and elbows, with height adjustment and ratchet mechanism.

* Tell us if you are left or right handed.

Our products are recognized by the Association pour la Santé et Sécurité du Travail Secteur des Affaires Sociales (ASSTSAS) and the Association des Chirurgiens Dentistes du Québec (ACDQ).
Designed and made in Canada. The chairs components meet BIFMA standards, corresponding to tests of resistance and durability.

- **Back support:** Adjustable height and angulation, to support the lumbar region, embracing the hollow of the back.
- **Seat comfort:** Adjustable height and angulation, allows to get closer to the task and to keep the pelvis straight.
- **Seat dimensions** (width, depth): 15 x 14 in (38 x 35.5 cm)
- **Durable base:** Five-legged base in black nylon resin for good stability.
- **Support for your feet** (optional): Chrome-plated circular footrest with height adjustment.
