

## Operator chair

Designed to provide optimal comfort and to favor good posture. Add the free motion elbow supports to complete your work ergonomics.

The Posiflex chair is our timeless classic! Since its creation 20 years ago, it has demonstrated its sustainability.

**Multiple adjustments:** The Posiflex clinical stool is the result of three years of research and clinical studies.

**Free motion elbow supports:** They follow the natural body movements, prevent and reduce muscles tensions and musculoskeletal disorders (shoulders, neck, back).

Our products are recognized by the Association pour la Santé et Sécurité du Travail Secteur des Affaires Sociales (ASSTSAS) and the Association des Chirurgiens Dentistes du Québec (ACDQ).  
Designed and made in Canada. The chairs components meet BIFMA standards, corresponding to tests of resistance and durability.

- **Back support:** Adjustable height and angulation, to support the lumbar region, embracing the hollow of the back.
- **Seat comfort:** Adjustable height and angulation, removes pressure under the thighs.
- **Seat dimensions (width, depth):** **regular** 17.5 x 16.5 in (44.5 x 42 cm) / **small seat** 16.5 x 14 in (42 x 35.5 cm)
- **Durable base:** Five-legged base in black nylon resin for good stability, 23 in (58.5 cm) diameter.
- **Support for your feet** (optional): Chrome-plated circular footrest with height adjustment.

## Options
