

Posi-T

Multiple support options for the abdomen and arms greatly reduce upper body muscle strain.

Designed to provide optimal comfort and promote good posture. Offers abdominal support.

Optimized armrest : Arm support provides comfortable resting for the abdomen and elbows, with height adjustment.

This model is ideal for long surgeries.

Our products are recognized by the Association pour la Santé et Sécurité du Travail Secteur des Affaires Sociales (ASSTAS) and the Association des Chirurgiens Dentistes du Québec (ACDQ). Designed and made in Canada. The chairs components meet BIFMA standards, corresponding to tests of resistance and durability.

- **Abdominal support** : Height and angle adjustable to support the abdominal area.
- **Seat comfort** : Height and tilt adjustable, helps relieve pressure under the thighs.
- **Seat dimensions** (width x depth) : 13,5 x 14 in (34,3 x 35,6 cm)
- **Durable base** : 5-star nylon resin base for great stability, 23 in (58,4 cm) diameter.
- **Footrest** (optional) : Chrome circular footrest with height adjustment.
